itGO

Innovation in Motion

**Business Workstation PC delivering essential performance, seamless manageability, and effortless upgradability.**

**itGO**

### **Delivering High Performance**

itGO Workstation PCs are built to deliver exceptional performance, empowering you to achieve more.

### **Unmatched Reliability**

At itGO, reliability is at the core of every Workstation PC we create. Built with premium components and rigorously tested for durability.

### **SECURE SOLUTION**

Our Workstation PCs feature cutting-edge security measures designed to protect your data and maintain your privacy.

### **MAX Upgradability**

Designed with future-proofing in mind, offering maximum upgradeability to keep up with your evolving needs.

### **EFFICIENT DESIGN**

Crafted with efficiency in mind, combining sleek aesthetics with intelligent design for optimal performance.

### **MADE FOR INDIA**

Built to stand diverse environments and demanding workloads, our systems combine durability with best technology

# itGO Proxima 910 Workstation Specifications

|                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
